RAID ON MIDWAY TURNS INTO STAGGERING DEFEAT FOR JAPS

American Forces Slashing Anew At Powerful Invaders

BY ROGER D. GREENE
Associated Press War Editor

American battle forces were reported slashing anew at a powerful Japanese naval squadron off Midway Island in the Pacific today, after beating off an attack yesterday by battleships, aircraft carriers and cruisers with heavy losses for the enemy.

"Our attacks on the enemy are continuing," said a bulletin from the headquarters of Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet.

MORE VIOLENT ENEMY MOVES ANTICIPATED

Grand Strategy Being Worked Out By Japs In Midway Incident Still To Be Disclosed

CAPITAL IS WA. DANGEROUS

BY JOHN M. HIGHTOWER

Washington, June 5.—(P)—The attack on Midway by a Japanese battle fleet following feeler raids on Dutch Harbor was regarded by naval experts today as foreshadowing more violent enemy action on the American side of the Pacific.

It was the first time that Japanese battleships had been reported east of home waters.

There was no immediate indication here whether a major portion of the enemy fleet was involved, but observers agreed that the presence of so large a force more than 2,000 miles from Yokohama indicated the Japanese were bent on reducing America's growing offensive power in the Pacific and possibly bringing the war within threatening distance of the west coast.

The Japs' grand strategy was still to be disclosed, and Washington authorities could at best only cite the possibilities based on what has been announced to date.

The Midway and Dutch Harbor assaults, however, were viewed as evidence of a carefully conceived plan which may have any one of these ultimate actions in view:

1. An effort, preliminary to an attack on Russia, to destroy or conquer Alaskan bases and thereby cut a route over which aerial reinforcements might be moved to (Turn to Page Thirteen)

NEW CHALLENGE IS ISSUED BY GOVERNOR

Harrisburg, June 5.—(P)—Governor James in a statement today called upon the state's new price administration director, appointed over his protests, to "take Pennsylvania's men and women into his confidence on his budget."

He replied to Raymond F. Ashenfelter, of Pittsburgh, new OPA chief who challenged the governor's assertion that the federal agency intended to spend \$16,000,000 for employees in Pennsylvania.

Ashenfelter replaced State Director T. Elmer Transeau as the government assumed control of the state rationing setup. James wanted Transeau retained and termed the federal move "pretext and subterfuge."

Hits Damage Nazi Warships

London, June 5.—(P)—The German battleship Tirpitz and the German heavy cruiser Admiral Hipper received "several direct hits" during the last RAF bombing raid on the Trondheim area, Norwegian sources reported here today, quoting advices from Trondheim.

One of the ships, not specified, developed a definite list, these sources said.

The Norwegians said the RAF raids April 29-30 also scored hits on airfields at Vaernes and Oerlandet. The Germans blocked off the Oerlandet field, but it was learned the barracks were hit and 17 Germans killed at Vaernes.

After the raids, these sources added, workmen on the German naval base being built at Trondheim went on strike and many left the area.

The British Royal Air Force skipped attacks upon Germany last night for the first time this month and, instead, bombed the channel port of Dieppe, France, and airdromes of Nazi-occupied Holland, authorities said today.

(DNE, German news agency said the port and shipyards at Sunderland, in northwest England, were bombed by German aircraft last night.)

Uncle Sam's Arctic Pistol

Turned upside down, above, the Aleutian island of Unalaska, site of Dutch harbor base twice raided by Jap planes, has shape of a pistol pointed at heart of Japan. Bottom map locates this base.

Only minor damage and no casualties were inflicted on defenders of the tiny U. S. outpost, 1,140 miles northwest of Hawaii and 2,600 miles southeast of Tokyo, a communique said.

The attack was the sixth on the strategic little island, the last U. S. outpost in the Pacific northwest of Hawaii since Wake and Guam fell to the enemy.

Turning the surprise attack into a staggering defeat, American fighters including marines, sea and air forces were officially credited with damaging a Japanese battleship, an aircraft carrier and possibly other warships, as well as taking a heavy toll of planes.

Thousands of miles to the west, other naval actions marked the growing struggle for control of the seas.

Australia—Gen. Douglas MacArthur's headquarters announced that Allied planes guarding the vital lanes in which U. S. war supplies are flowing to Australia have sunk two more Japanese submarines and probably a third off the east coast of the "down under" continent.

The new successes made a total of six and possibly seven Japanese undersea raiders destroyed in the Australian theatre in the last five days. Four enemy midget submarines were sunk in an abortive raid on Sydney Harbor on Sunday.

Madagascar—Imperial Tokyo headquarters asserted that Japanese "special" (two-man) submarines had torpedoed and seriously damaged a 30,600-ton British battleship of the Queen Elizabeth class and a 5,220-ton British light cruiser of the Arethusa class in a surprise dawn attack on Diego Suarez naval base, Madagascar.

Tokyo's claim met a swift denial by the British admiralty, which said Japanese submarines attacked the British-occupied base on May 30 but added:

Food Requirement Committee Created By W.P.A. Chairman

Will Control Production and Allocation of Civilian Eatables

Washington, June 5.—(P)—War Production Board Chairman Donald M. Nelson today created a food requirements committee under the chairmanship of Secretary of Agriculture Wickard to control the production and allocation of all civilian and military food supplies.

Establishment of the new nine-member committee, within the War Production Board, is expected to be followed in a few days by announcement of a combined British-American food board, with Wickard as the top American representative.

The new committee will determine civilian, military and foreign food requirements, Nelson announced, and has authority to speed up or curtail domestic output of foods "as well as the importation of foods and agricultural materials from which food are derived."

The new agency will chart government policies "affecting the eating habits of every man and woman in the country," the WPB chairman said, but food rationing will continue to be administered by the OPA. Decisions of the food requirements committee will be final, subject to approval of the WPB.

Actual operations of the food committee will be carried on by existing agencies, with the chief role assigned to the agriculture department.

Washington, June 5.—(P)—Supporting a recommendation from its appropriations committee, the house refused today to vote funds to keep the depression-born Civilian Conservation Corps going on a reduced basis during the war.

By teller vote of 158 to 121 the house rejected an amendment by Representative Tarrow (D-Ga.) to add a \$75,818,000 allotment for the CCC to the \$1,058,451,660 supply bill for the labor department, social security board, and kindred federal agencies.

The appropriations committee, by a three vote margin, had recommended the elimination of all of the CCC funds.

Large Convoy Reaches India

BY PRESTON GROVER

New Delhi, India, June 5.—(P)—As Japanese forces pressed to a point 45 miles east of India's Burma frontier, the British announced today that the largest convoy of reinforcements ever to come to the defense of India had been unloaded at eastern India ports.

The reinforcements included light and heavy anti-aircraft guns, British and American light and heavy tanks and a large number of trucks.

Summary of Developments on The European Battlefronts

By the Associated Press

Following is a summary of developments on European battlefronts:

Arctic Supply Route—Two blows against Germany's attempt to disrupt the vital far-north sea lanes to Russia were reported today.

Soviet dispatches reported that Russian planes, fighting to safeguard the ocean route for war materials from Britain and the United States, hammered home three sharp attacks on bases from which German bombers have been angling the seaways.

At least 40 Nazi planes were reported destroyed and Nazi airfields were heavily damaged.

Air Warfare—RAF bombers omitted attacks on Germany over-

night for the first time this month, centering their blows instead on the channel "invasion" port of Dieppe, France, and airdromes in Nazi-occupied Holland.

Russian Campaign—Soviet headquarters reported that Russian artillery had smashed a German attempt to drive a wedge into Red army lines on the Bryansk front, 210 miles southwest of Moscow, throwing the invaders back with 280 killed.

The long battle line as a whole appeared quiet.

Hitler's troops gained ground in attacks on the Ukraine, Moscow and Leningrad fronts, but these were apparently only minor actions.

21 ARE DEAD IN EXPLOSION IN JOLIET, ILL.

More Than Score Injured In Blast in Mammoth Arsenal While 28 Escape

Joliet, Ill., June 5.—(P)—An explosion early today rocked the mammoth Elwood arsenal, one of the largest in the nation, leaving at least "21 known dead," Capt. David P. Tunstall, army press relations officer, announced.

More than a score men were injured, and 28 others working in the shipping building escaped unhurt. The blast occurred about 2:45 a. m. (Central War Time).

Three of the dead were identified, but Tunstall did not announce the names of any of the 40 casualties.

The blast, heard for a radius of 50 miles, destroyed the shipping building of group two of the Elwood ordnance loading plant, which had been described by its director as the largest in the world.

Captain Tunstall said there was no hint of sabotage, but that its possibility would be investigated by a board of inquiry.

Fred Elias said he was working in a building when he heard the explosion in one about a mile away.

"The whole building went up," he said, "and the roofs of three other buildings were blown off."

The explosion broke windows in department stores in Kenilworth, 22 miles away, and aroused residents of communities throughout northeastern Illinois.

The factory, covering 23 square miles, began production of high explosive bombs Aug. 30, 1941, two months ahead of schedule. It was constructed in ten months. More than 8,000 persons are employed on three shifts.

Tunstall said the plant would operate today since it is so constructed that damage to one unit would not impede operations of the others.

Parole Law Causes Strike At Workhouse

Hundred Prisoners Return to Work Pending Decision on Pay Question

Pittsburgh, June 5.—(P)—One hundred prisoners in the Allegheny county workhouse who conducted a sit-down strike yesterday, protesting against the new state parole law and demanding 10 cents daily pay for "tobacco money," agreed to return to work today pending a decision on the pay question.

Lawrence Keenan, superintendent of the institution, said there was no disorder, but that inmates assigned to jobs in the rag, broom and chair shops "simply refused to do their work."

Thirty county policemen guarded the workhouse as a precaution during the strike.

Keenan told the men he had nothing to do with imposition of state regulations, but promised to take the matter of remuneration before the institution's board of managers at its meeting next Wednesday.

Allied Planes Account For Two Jap Subs

Allied Headquarters, Australia, June 5.—(P)—Allied planes, protecting the vital shipping lanes over which United States war supplies are flowing into Australia, have sunk two Japanese submarines and probably a third off the east coast of this continent, General MacArthur's headquarters announced today.

This success brought to six, and possibly seven, the number of Japanese undersea raiders destroyed by the defenders of Australia in the last five days, four enemy midget submarines having been reported sunk Sunday night in an abortive raid on Sydney harbor.

Allied airmen also were reported to have struck yesterday at Japanese bases in the islands north of Australia, blasting airdromes and shipping facilities.

The Allied aircraft credited with the latest submarine sinkings apparently were searching for submarines which only yesterday were reported to have attacked three vessels in the Sydney area, sending one to the bottom, but failing to damage the other two.

The official announcement said the planes, manned by Dutch and Australian airmen, spotted the

Charge Use of Poisonous Gas

Washington, June 5.—(P)—President Roosevelt declared today that the government had received reports that Japan was using poisonous and obnoxious gases in her war against China.

He promised that the United States would retaliate if Japan persisted in this form of "inhuman warfare."

The reports that Japan on several occasions had resorted to gas warfare were described by the chief executive to his press conference as authoritative. He read a brief formal statement, which he said the state department had prepared, making it unequivocally clear that the United States would consider the use of gas against China or any other United States as an action against the United States.

Haydrih Schoolmate Convicted As Spy

Los Angeles, June 5.—(P)—Convicted of espionage, Dr. Hans Helmut Gros, Minneapolis-born former schoolmate of Hitler's slain henchman Reinhard Heydrich, will appear in federal court next Monday for sentence.

Convicted with him yesterday was his wife, Frances Ecclell Gros, 31, former movie studio employee. She has asked Judge Ben Harrison for probation and her hearing will be held June 15.

Dr. Gros and his wife face possible maximum terms of 20 years in prison on the espionage charge.

After his arrest by the FBI Dr. Gros admitted he was sent here to organize sabotage, but he steadfastly denied he sent back to Germany any information about this country that was not accessible to the reich in American newspapers and magazines.

14 Army Fliers Die In Crash of Bomber

San Rafael, Calif., June 5.—Fourteen army fliers died in the crash of a heavy bomber near here last night, the army said today.

Flames consumed the wreckage when the plane hit a hilltop as the pilot circled for an emergency landing.

The plane developed trouble soon after a takeoff and radioed nearby Hamilton Field to clear a runway. The pilot circled toward the field.

The big ship lost altitude and then dived into a hillside on the Herzog ranch, three miles northwest of Hamilton Field.

As it crashed great flames swept through the wreckage. Not a man escaped.

President Is Studying the Gas Situation

Summons to White House Executives Vitrally Concerned With Issue

Washington, June 5.—(AP)—President Roosevelt and 11 government officials who are searching for a solution to the rubber and gasoline problems conferred at the White House today but apparently reached no definite conclusions.

One of the participants said flatly no decisions were made and he did not know when any might be expected.

But, Archibald MacLeish, director of the Office of Facts and Figures, asserted a statement would be issued "in the near future." He interpreted that to mean a matter of days, and said the statement would come from the White House.

The rubber problem also was to be canvassed, he said when his views were sought on the necessity or desirability of a nationwide collection of scrap rubber.

Meanwhile, local rationing boards were given power to call in holders of the unlimited "X" gasoline cards for questioning in a new campaign to cut down non-essential driving in the east.

The Office of Price Administration also authorized the boards to rescind any "X" card used illegally and to withhold any present or future gasoline ration cards from persons failing to answer its questions.

75,000 Gardens In State, Chairman Says

Harrisburg, June 5.—(P)—The campaign to promote planting of victory gardens in Pennsylvania was described today as a big success.

Mrs. Helen Marshall Eliason, of Philadelphia, chairman of the state Victory Garden Committee, reported more than 75,000 gardens were started in the commonwealth's 67 counties. She came to the capital for garden committees," she said, for a committee meeting.

"From the reports of the victory garden committees," she said, "we feel that the first phase—of planting—has been a big success."

At the same time, the chairman emphasized this was only one part of the program to insure an adequate supply of fresh foods during the emergency.

Rep. Wright Scores Lewis

Washington, June 5.—(P)—John L. Lewis, UMW chief, was described to the house by Representative James A. Wright (D-Pa.) as being "on his way to becoming one of the most sinister figures in contemporary American life."

"We feel in Pennsylvania in the heart of the heavy industrial district, and our sentiments are echoed in Detroit, on the Atlantic coast, and in every section where the wheels of industry grind out material for war—that John L. Lewis has outlived his usefulness as a leader, that he has fallen from his high estate as a spokesman for working people x x x," Wright asserted.

The Pittsburgh congressman reviewed the rift between Lewis and CIO President Philip Murray, who the representative said was "reverted as a saint" by the steel workers in his district.

The two unions, he said, had "buried the hatchet, and were convinced their future depended upon victory in the war."

Senate May Order Probe On Navy Anti-Submarine Drive

By the Associated Press

Two more United Nations ships have been torpedoed in the Atlantic, the navy disclosed today, bringing the announced losses there in two days to six merchant vessels and a navy patrol boat.

Two teen age British survivors of the latest sinkings said their Norwegian ship was sunk in the Atlantic May 29 and they spent five days in open boats until they were rescued by a Dutch merchantman. Twenty-four hours later the Dutch ship met a similar fate and the boys spent three more days in a lifeboat before they were rescued.

As the navy reported yesterday the recent loss of the patrol boat and four merchantmen in the Atlantic and one merchantman in the far Pacific, Chairman Ellender (D-La.) of a senate naval affairs sub-committee said in Washington that naval officers might be called in a public hearing.

"If we are not entirely satisfied that everything possible is being done to halt these sinkings," Ellender declared, "we are going into the whole matter in public."

The sinkings announced yesterday brought United Nations or neutral shipping losses in the Atlantic to 18 reported so far this week, and boosted the total since Pearl Harbor to 245 merchantmen sunk in Atlantic waters.

MEASURE IN SENATE FOR A SHOWDOWN

Influential Leaders See Little Hope for Success of Efforts to Reach Compromise

\$22.00 FOR DEPENDENTS

BY JACK BELL

Washington, June 5.—(P)—Senate conferees on the military pay increase bill proposed a compromise to the house committee-men today calling for \$48 a month for buck privates and \$52 for first class privates.

The house group took the proposal under advisement and another conference may be held later in the day.

The compromise offer compares with senate-approved figures of \$42 for buck privates and \$48 for first class privates and house-approved figures of \$50 and \$54, respectively.

Neither conference group had all of its members present, but majority was on hand for each five-man side seeking to adjust house and senate differences.

The two groups reached one agreement today—to make the pay increase retroactive to June 1. Privates now get \$21 a month for four months, when they are raised to \$30.

The pay increase question rested with the senate, smarting under charges that it was niggardly in not accepting immediately a house proposal to boost the salary of buck privates to \$50, instead of the \$42 it had voted previously.

With Senator LaFollette (Prog-Wis) pressing for a showdown vote on Monday, influential senators who had sought more time for compromise efforts admitted privately they had little doubt that the higher figure would be adopted.

The house arranged meanwhile to take up on Monday a family allowance bill passed by the senate yesterday under which wives of military men receiving \$78 a month or less would be paid \$50 monthly for their support, the first child \$12 and other children \$10 each.

The senate-approved measure would require the enlisted man to contribute \$22 of this amount, the government paying the rest. In addition, he could elect to contribute \$5 more, to which the government would add \$15 for a dependent parent, \$25 for two parents and \$5 for each additional brother, sister or grandchild.

A house version of this measure would provide only \$40 for the wife, of which the enlisted man would contribute \$20, with the

TWO DROWNINGS IN PITTSBURGH DISTRICT

Pittsburgh, June 5.—(P)—Two young men drowned within 24 hours in the Pittsburgh district.

William F. Trappen, 24, of Carrick, drowned today in an all-night farewell party for a friend who was leaving for the army.

Trappen's companions said they had stopped at the pond for a swim after the party and that Trappen did not return to the surface after plunging into the water.

The other victim was a man identified as Arthur Brunazzi, 24, of McKeesport, whose body was found early today in the Olympia swimming pool in Versailles township, Allegheny county.

Planning For Post-War Era

Washington, June 5.—(P)—Creation of a broad representative commission to plan for post-war reconstruction and employment and to blueprint this nation's place in world economy found mounting support today in congressional quarters.

One influential administration leader said congress would tackle postwar planning "just as soon as we have solved the problem of shipping and transportation."

Even more definite was Chairman Harry Norton (D-NJ), of the house labor committee, who expressed conviction that congress would write legislation on the subject this session.

The house labor committee already has approved a bill introduced by Rep. Voorhis (D-Calif.) to form a 34-man commission made up of members of the legislative and executive branches of the government, together with representatives of labor, industry, agriculture, religion, social and consumer groups.

Tidioute To Compete For State Honors

At the regular meeting of Eden Lodge, No. 866, I. O. O. F., of Tidioute, held Wednesday night, a final rehearsal was held before going to Pittsburgh to compete in the state degree contest at the grand lodge session, Tuesday, June 9.

Tidioute has one of three lodges in the state which will compete. There are 28 members in the team and they have gained a wide reputation for their fine work.

At the close of the meeting a social hour was enjoyed in honor of Charles Anderson, who is entering the service, and Lawrence Manross, who is entering the ministry. A token of appreciation was presented to each for their loyal service to the lodge.

Any man between the ages of 17 and 33 may apply. It was stated that all applicants will be received with the same cordiality that they would expect of anyone in the position of an interviewer and that no one is under obligation by inquiring.

Men desiring to enlist may do so here on Monday or may call at Room 8, U. S. court house, Perry Square, Erie.

Nazarene Vacation Bible School Will Commence on Monday

The daily vacation Bible school at the Nazarene church will commence Monday, June 8, and continue for two weeks.

All boys and girls from 4 to 16 years of age are invited to attend the interesting classes which will include Bible study, memory work, stories, games, and handwork.

Sessions are Monday through Friday beginning at 9 o'clock and dismissing at 11:30. Parents are urged to send their children.

WRONG NUMBER

Persons wishing to call Salvage Headquarters to have trucks call for salvage materials tomorrow should phone 3048 instead of the number which was printed in the "Just Scraps" column yesterday.

CIVIL AIR PATROL
All members of the Civil Air Patrol have been ordered to report for duty at the local airport Sunday afternoon at four o'clock. It was announced today. Transportation will be arranged to the scene of operations.

RETURN TO WARREN

Mr. and Mrs. Martin Manders have returned to Warren to make their home, their many friends will be pleased to learn. Mr. Manders has accepted a position with the Harry R. Lewis Company and Mrs. Manders will be the social worker for the Children's Aid Society.

TEST WHISTLE

The large whistle which was obtained for use as an air raid warning signal here was given its second test at the United Rheny Thursday noon. According to reports the whistle could be heard plainly on the East Side and to a less degree in the central section.

JOINS HUSBAND

Mrs. J. L. Scheerer, of Pleasant road, left Thursday morning for Columbus, Ga., where her husband, Sgt. Scheerer, formerly of Company I, is attending officers training school at Fort Benning. She was accompanied by Donald Swanson, young son of Captain and Mrs. Austin Swanson, of Grant street, also located in the south at present.

MUST CUT GRASS

Announcement has been made that all owners of vacant lots in the borough must cut the grass at once or have this work done by the borough employees at the expense of the owners. It was stated that it is especially urgent to cut the grass between sidewalk and curb immediately. Borough employees will start checking these vacant lots on Monday.

STUDENTS LEAGUE

The Students League of Many Nations of the Practical Bible Training School of Binghamton, N. Y., will be in charge of the service at Grace Methodist church Sunday evening. Sixteen young people dressed in the national costumes of their respective countries will conduct this colorful service, spoken of frequently as "the greatest one-night evangelistic service in America today." Dr. Marion Patterson, a former Warren boy and member of Grace church, will be in charge of the party. The public is cordially invited.

Expect Jimmy Foxx To Play In Few Days

Chicago, June 5—(AP)—Jimmy Foxx has been spending the last three days answering questions about his now famous ribs. In fact, there hasn't been so much talk of ribs around here since a bar-b-que stand on the north side reduced its prices.

Like a broken record, Foxx goes along mumbling: "They still hurt." "Ever since I got in town," he says, "everyone has been asking

about my ribs—women and men in the stands, people on the street and kids on the corner.

"Maybe I'll be ready to play in a couple of days. The doc says the break mended nicely but that a cartilage had been torn. I don't get much pain when I swing a bat, but it's bad when I run."

The town's pretty interested in Foxx's ribs, figuring they cost about \$3,000 a pound, including that fracture and torn cartilage, caused when he was hit by a line drive while with the Boston Red Sox.

LUDLOW

Ludlow, June 2—Memorial Day services held at the Ludlow cemetery Saturday morning were well attended. The message was given by the Rev. W. W. Nyline, of the Mission church at Kane.

The Lutheran Moriah church was filled to capacity Sunday evening, when baccalaureate services were held for 25 Ludlow students who are to graduate June 3 in the high school auditorium. After the Scripture and prayer by Rev. Gronquist, an anthem by the Ludlow school girls' chorus was sung, "How Lovely Are Thy Dwellings."

An inspiring sermon was given by Rev. Carl H. Gronquist, taking as his theme "True Freedom."

THE MIDWAY RAID
"Expansion of the Japanese raid on Dutch Harbor into an attack on our Midway Island, with heavy naval and air forces, compels us to take a wider view of these operations and note they are further indications that we are on the verge of a general Axis onslaught which will try to force a decision in the World War this year," says DeWitt MacKenzie, Wide World war analyst.

"While the precise purpose of the Japanese raids are still in doubt, they fit in perfectly with the signs that the Axis volcano is about to erupt," he continues. "Certainly the fact that the Japs struck at little Midway in strength even employing a battleship, would seem to indicate that they are bent on something more than hit-and-run raids. They are building to a climax."

Associated Press reports today seem to indicate that the Japs received a surprise in the Midway assault. It was the first aimed at that island since Admiral Nimitz flew there last month to decorate four naval and marine officers for their bravery in previous raids. At that time he said the ground and air forces under Commander Cyril T. Simard had demonstrated a commendable efficiency or coordination, and it appears from the latest comment this report is sustained.

Japan's first, and previously their heaviest, attack was made by cruisers and destroyers December 7, the same day of the sneak attack on Pearl Harbor precipitating the war with the United States.

Shelling submarines and raiding planes carried on other attacks which reached five on March 10, the last one delivered prior to yesterday's heavy assault.

Midway is the last United States' outpost in the Pacific to the northwest of Hawaii, Wake and Guam having fallen to the Japanese.

HELP PRESERVE THE PARKS

The police department is to be commended for taking quick and severe action in the case of a lad who was discovered one evening last week using objects in Washington Park as targets while shooting a 22 calibre rifle.

During the time that the boy and a companion were in that delightful recreation spot shooting the gun lives of perhaps a half hundred visitors there were endangered and indignation ran high. Fortunately the youth was known to some of those who were at the park, and information was later given to the police which resulted in the boys being called in for a reprimand and the gun was confiscated.

The action should serve as a warning to others who evidently lack a proper appreciation of the advantages the community possesses in the many beautiful recreation spots that have been made available to present-day citizens through the foresight and generosity of progressive residents who have gone before.

Washington park was lauded as one of the most beautiful spots in the entire state by a large delegation of visitors to the Lutheran Synod meeting a short time ago. It would not long continue to be one of the favorite picnic resorts for citizens of Warren and vicinity if maliciously-inclined youths of the community were permitted to use it for such dangerous acts of depredation.

A circular reminds that the Navy Department has designated Sunday, June 7, as "Avenge Pearl Harbor Day" and will ceremonize the day with mass enlistment of recruits into the Navy at the exact moment that the first Jap bomb fell on that base. The ceremony will be conducted simultaneously by more than 500 recruiting stations and substations throughout the country. That unforgettable moment is equivalent to 2:35 p. m., present Eastern War Time.

Announcement that the house appropriation committee has eliminated the fund for continuance of the Civilian Conservation Corps recalls that one of the first camps in the nation was established at Hearts Content nine years ago. It would be impossible to estimate the advantages this area derived through the work accomplished by this project.

Many congregations in the borough are observing Children's Day Sunday—an additional reason for attending church.

If we use a little horse sense with our horse power, gasoline rationing won't bother us.

WASHINGTON IN WARTIME

(First Of A Series)
By JACK STINNETT
WASHINGTON — Six months after the United States entered World War II, the face of the national capital looks as if it had been operated on by a plastic surgeon who missed his calling.

The Union Station, northeast of the Capitol, was once editorially and verbally derided as a too-vast building to which the District of Columbia could never grow up. Now, its spacious lobby is a clutter of emergency ticket booths; its entrance and exit gates give a good imitation of the subway at Times Square during rush hour; and its taxi loading lanes, at peak periods, leave a thousand or so travelers shifting from one foot to another between curses at the long delays.

FROM there on north and west through the government office and residential sections, Washington is a maze through which the inhabitants of yesterday would wander in complete confusion.

The Mall—that broad beautiful vista that stretches from the Capitol's backdoor to beyond the Lincoln Memorial—is almost solidly lined with "temporary" buildings. These are two-story barns, hastily constructed that the wiring and plumbing frequently line the exteriors. There was no time even to give them names, and the administration with its passion for alphabetizing has merely designated them "Temporary Building A, B, C, etc."

The White House has even changed. Once its grounds were as accessible as any public park, but now its iron-spiked fence is circled with sentry boxes and the spaces between are patrolled day and night by helmeted soldiers. Its four main gates are held by the blue-uniformed White House police, and all the lights that shine there nights, it might be a deserted villa.

It isn't only the original government area that has changed face. The old Executive Office Building has burst its bounds and spread into the suburbs. The shadows of the tombstones in Arlington, the most beautiful cemetery in this land, at least, reach to the vast new Army building which, in its way, is as staggering in proportions as Rockefeller Center. Suitland, Md., is rapidly becoming a government center.

THE new Navy medical center pinnacles out of the rolling flats near Bethesda, Md. Bolling Field, built on the swamps of the Potomac, now is acres of barracks and runways.

Friendship, the famous old estate of Mrs. Evelyn Walsh McLean, is being plowed under. A housing center for government workers soon will be under construction.

The Army has taken over historic old Marwood estate, with its 33-room chateau overlooking 200 acres bordering the Great Falls of the Potomac.

Washington's face-lifting started before Pearl Harbor, but it is only in the last six months that it has been completely transformed.

MAN ABOUT MANHATTAN

By GEORGE TUCKER
NEW YORK—Frank Case of the Algonquin brings up an interesting point. "Do writers," he asks, "resent thank-you notes when they say something nice about you?"

Frank Case is a renowned host. His hotel is a landmark in theatrical history. Actors have always made the Algonquin peculiarly their own. John Barrymore used to live there. Jim Tully, Judith Anderson, and hundreds more would stay nowhere else. All this came up because of one of Barrymore's raving testimonials to Case's generosity. I printed it some time ago. When Frank saw it, he dropped me a nice little note. Later, I ran into him on an interview in the Algonquin's luncheon room, and it was then that he asked, "Do writers resent thank-you notes when they say nice things about you?"

THE item in question went something like this. Barrymore, while raving over Case's generosity to a friend, became slightly apologetic in his endeavors to do Frank justice. "Why," he cried, grabbing his shirt front, "this is Frank's SHIRT. . . He'll give you ANYTHING!"

Case's note to me had joshingly disclaimed any such untoward generosity but added that he did own an extra dinner jacket and should I ever be caught in town without one he'd be glad to oblige. It was a laugh, intended as nothing more.

I should add here that Frank Case has written three books out of his observations as a professional inn-keeper, and from time to time he has written polite reviews of appreciation to certain reviewers of his acquaintance for the things they said of his literary efforts.

IT IS my opinion that notes of this sort are all right and make for pleasant feeling, though no writer worth his salt is influenced one way or another by them.

He writes what he thinks, and if his judgment is mature subsequent events will bear him out. If not, the reading public will quickly learn for themselves whose opinions are worthwhile and whose are not. I once knew a reviewer who bitterly resented a thank-you note from an author whose book he had praised. He bluntly told the author, "My praise was for what you wrote, not for you. It doesn't matter to me whether you are pleased with what I say or not."

This, of course, was exceptional, and on the whole an obtuse point of view. It was certainly uncalled for. The fact of the matter is, thank-you notes can hurt no one, and certainly no one can write them better than Frank Case.

The House of Perfection Blue White Diamonds

Class of 264 Graduated By Warren High School at the 65th Annual Commencement

(From Page One)

of the Warren High School class in creative writing, under the direction of Miss Anna Louise Kahl, was built around a patriotic theme and each of the eight short speeches of which it was composed outlined factors which have added to the glory of the nation.

"America, What Is It?" was the title of the first speech, given by Beverly Milway, who presented many of the outstanding factors in the formation and perpetuation of America. She told of the significance which each of the nation's attributes has for some particular group and declared that "America is the blending of all things good and bad, but it is more, it is 130,000,000 people held together by brotherhood and by moving hands working in unison, with a strong determination in the hearts of all to remain forever free."

James Shortt presented the second portion of the symposium, "The Land of Liberty," pointing out the Bill of Rights as the document which gave life to the Constitution of the United States. He contrasted the freedom enjoyed in this country with the suppression of civil liberties under totalitarian systems.

Declaring America to be a "continuous open house" with opportunities of happiness and success for everyone, Jean Cannon spoke on "The Land of Opportunities and Privileges" in the third speech of the symposium. As the ideal hostess, she stated, America throws open its doors and offers to everyone its opportunities and privileges of education, health, jobs, religion, peace, security and happiness.

"The Land of Equality and Fraternity" was the subject of the fourth talk, given by Joan Weiler. She pointed out that with class hatred and financial barriers ruled out, in America a man is judged by what he is and does; not by any arbitrary rule or yardstick and that the American yardstick is the sanctity of human personality; the immense value of every individual making the very best of himself.

Following Miss Weiler's talk, a vocal solo, "America, the Beautiful," was sung by Vivian Davis, accompanied by Carroll A. Fowler, vocal music supervisor in the local schools.

In presenting the next speech in the symposium, "The Land of Education and Culture," Frances Russell pointed out the value of the American educational system in preparing its citizens for the problems of the future. The fact that America is a nation of people always desiring to learn has made the nation one of education and culture, she pointed out.

"The Land of Religion" was presented next by John Baldwin, who called attention to the fact that this country was settled by those seeking freedom from religious intolerance and that through the years the nation has been built on the rock of religion, which he declared has made America "wonderful, beautiful, fruitful."

Speaking on "The Land of Homes," Barbara Smith pointed to the value of home training for the child which makes the difference between a strong, intelligent citizen and a weak, ineffectual person who doesn't dare express his own opinions. The majority of the home, as it is known in America, has played a large part in making America a free nation, she declared.

Before the final speech of the symposium, Miss Patricia Smith played a violin solo, "Melody by Brigadier General Charles G. Dawes. She was accompanied by Lulu May Donze.

"Our Duty in Preserving America" by Martin Smith gave the many things which Americans must do to help maintain the standards of the past during the present war, declaring that "our Bill of Rights must now be defended by our Bill of Duties." He then went on to outline the many ways in which everyone may help to preserve those attributes of the nation which were outlined in the previous talks.

The valedictorian, which was then given by Miss Lois McCloskey, top honor student of the graduating class, was at the same time a farewell to school days and an expression of the realization which the graduates have for the seriousness of the future.

The singing of the "Star Spangled Banner" and music by the high school orchestra concluded the first portion of the exercises. Presentation of the special

awards, listed below, opened the second portion of the program, after which diplomas were presented to the graduates by Ralph E. Brasington, member of the board of school directors. Richard C. Johnson, president of the Class of 1942, responded in a very gracious manner.

Mrs. Charles D. Atkins, a member of the Class of 1917, then welcomed the group into the Warren High School Alumni and Elvira Rydholm, vice-president of the senior class, responded.

The program closed with the singing of the "Alma Mater" by the class, benediction by Major Elian and recessional march by the orchestra.

Twenty-seven students comprise the honor group, consisting of the ten percent of the class having the highest average for four years, while two others received special mention for having had honor averages for the time they have been in Warren High School.

In the former group are: Lois McCloskey, Vera Gordon, Robert Atkins, Joan Weiler, Hudson Grotzinger, Betty Crockett, Phyllis Kammer, Elaine Kiernan, John Heard, John Baldwin, Gail Schuler, Gretchen Jamieson, Patricia Smith, Joyce Mead, James Platt, Corwin Skillman, Genevieve Horsfield, Marjorie Simones, Nellie Whipple, Elvira Rydholm, Marjorie Smith, Lawrence Beyer, James Streich, Jean Cannon, Ruth Ann Slatry, Charles Danielson and Frances Russell. The latter two are Robert Wright and Jean Martin. Following is the list of prizes and medals awarded last night:

Mary Ball Science medal—Robert Atkins.

J. O. Parnell Mathematics Medal—Hudson Grotzinger.

Col. Fred E. Windsor silver cup, highest average for four years—Lois McCloskey.

Stenographers' Club prizes, to outstanding commercial seniors—John Gross, Anita Nielsen and James Plateroti.

VITAMIN E One writer calls it the vitamin for the Popeye punch. It's necessary for healthy muscles—for good muscle tone, and normal muscle structure. Lack of it has caused muscular dystrophy a term meaning muscles that won't work as they should.

VITAMIN E is another one of the 8 vitamins and minerals ADDED EXTRA to VITAMELK bread. Every pound of this vitamin-strengthened bread contains 400 Gamma Oil of Wheat Embryo (VITAMIN E.)

Almost every baker is enriching his bread with two vitamins and iron but WARREN BAKING COMPANY has gone still further.

We are adding extra amounts of 8 vitamins and minerals to every loaf of VITAMELK bread—at no added cost. For we want local housewives to have the very best—the very finest bread that is available.

That's why we've gone to this extra expense and we know you'll enjoy every bite. Do try a loaf!

Program For Convention of Moose Next Week Completed

The sixth annual convention of the Western State Moose Association, which will be held here June 11, 12, 13 and 14, promises to be one of the greatest conventions ever held in Warren, according to the plans which have been made by the organization.

State officials and members of the local lodge have completed an elaborate program, which will keep the visitors busy from the time of their arrival until they depart.

This program is as follows:
Thursday, June 11—Starting at 10 a. m., registration of delegates at Carver Hotel; 1:00 p. m., Executive Committee meeting; Moose Home; 2:30, Nominating Committee Meeting; Moose Home; 6:00, dinner for state and supreme lodge officers with Regional Director J. Jack Stecher as principal speaker; 9:00, entertainment and dancing at Moose Home.

Friday, June 12—9:00 a. m., registration at Carver Hotel; 10:30, official opening of convention at State Armory; 2:00 p. m., convention session; 8:00 p. m., convention class initiation at the State Armory with Supreme Governor Matthew M. Nelly, governor of West Virginia, as principal speaker; 10:00, dinner and entertainment for "25" Club members at Veterans Home; entertainment and dancing at Moose Home.

Saturday, June 13—9:00 a. m., registration at Carver Hotel; 9:30 a. m., breakfast for Pilgrim Fellowship members; 10:00, Fellowship degree conferred, with U. S. Senator James J. Davis, Pilgrim governor, as principal speaker; 11:00, convention session; 12:30 p. m., luncheon for lodge and association officers; 4:00, convention and patriotic parade, aerial parade; 6:30, Alumni banquet at Woman's Club; 10:00, entertainment and dancing at Moose Home.

Sunday, June 14—Special religious services; 1:00 p. m., convention closing and installation of state officers by Sen. James J. Davis; 2:30, participation in Flag Day exercises of Warren Lodge of Elks. The four days that constitute the convention of the Loyal Order of Moose here will mark a milestone in the history of Warren Lodge. Not only has the Warren Lodge contributed to the children of Mooseheart and the aged at Moosehaven, but they have helped to maintain many of the organizations of their own town.

It was pointed out today that the members and officers of the local lodge have tried their best to give of their substance at all times to help those in need and worthy of help.

The success of this convention depends upon the members of the local lodge and they have done their best to make it so, it was pointed out today.

Members of Class 1942 Graduated at Younville Hi

Younville, June 5—Members of the Class of 1942 of Younville High School received their diplomas at the 35th annual commencement exercises, held Wednesday evening in the school auditorium, which was attractively decorated in the class colors of blue and gold.

On the printed programs was a list of 32 alumni of Younville High School now serving with the country's armed forces, together with special mention for Porter Armstrong, of the Class of 1937, reported missing in action at St. Lucia, British West Indies.

The program opened with procession by the high school musical ensemble and invocation by the Rev. Dwight Jack. Following the salutatory address by Miss Dorothy Nyquist, Donald Aberg sang "The Lord's Prayer." Charles Johnson, winner of the county college scholarship, was the valedictorian. The ensemble played Allegretto from Beethoven's "Moonlight Sonata."

An inspiring patriotic address was given by Dr. Ralph Cordier, of the faculty of Clarion State Teachers College.

Diplomas were presented by Supervising Principal F. E. Getts, who also presented the traditional Balford key to Miss Carolyn Horner.

The program closed with benediction by Rev. Jack and the recessional by the ensemble.

Zinnias Lead Flowers in Race for Popularity

Various Types and Sizes of Modern Zinnias.

Zinnias are the most popular flowers in America. In making their way to this eminence they have overtaken sweet peas, asters, and petunias, which still are popular to be sure, but are trailing zinnias in the race.

The merit which contributes most to the zinnia's success is probably the ease with which it is grown. A tropical plant, which endures the hottest weather, it is the beginner's ideal flower, germinating quickly in warm weather, growing rapidly to flowering size, and then producing blossoms abundantly until frost kills it.

Late planted zinnias are best sown where they are to remain to avoid the check of transplanting. Plant three or four seeds to a hill, hills 2½ feet apart for the large flowering types and 18 inches for the dwarf sorts, then thin to a single plant. They will make rapid growth, especially if encouraged with a complete plant food.

To encourage large flowers, apply a teaspoonful of plant food around each plant after buds appear. Stir it into the soil, taking care not to allow it to touch stems or foliage. If it should get on the foliage, brush or wash off.

Zinnias have shown remarkable ability to improve in size and color, under the encouragement of plant breeders. Their color range is one of the largest, including nearly all the spectrum except real blues. In size they range from the tiny gracillima or cupid type, through many intermediate sizes to the dahlia flowered and California giant classes, which can be grown to a diameter of six inches. And they have been bred into a remarkable variety of forms.

Small flowered zinnias are in some ways better border flowers than the giant flowered classes; they produce more flowers, held above the foliage, on bushy plants, and their variety of forms make interesting texture effects.

The shaggy Fantasy type, and the scabiosa flowered zinnias make pleasing cut flower arrangements, while the small flowered singles are excellent for low bowl bouquets. All zinnias take about the same culture, and all show remarkable ability to withstand rough treatment, while responding generously to good care. Progress has been made in breeding the various strains true to type, and developing more brilliant colors.

A DIME YOU'LL NEVER MISS MAY SAVE A SOLDIER'S LIFE!

It's a fact that a single 10-cent piece can be the means of saving a soldier's life—because the five cartridges it buys can make the difference between victory and defeat for one of our boys. LOCAL INTEREST IN MICHIGAN WEDDING

Mr. and Mrs. E. T. Johnson, Conewango Place, have returned from Ann Arbor, Mich., where, on Sunday, they were guests at the wedding of their son, Charles D. Johnson, of Cleveland, O., and Ila M. Waggoner, daughter of Mrs. Carrie Waggoner, of Ann Arbor. The couple, both graduates of the University of Michigan Law School, spoke their vows before Dr. Charles W. Brashers in the First Methodist church.

A reception followed at the Michigan League Grand Rapids room, the newlyweds receiving 100 guests. Later, the couple left for a two-week honeymoon on Lake Erie shores, after which they will make their home in Cleveland. Mr. Johnson, graduate of the law school last year, is with the firm of Baker, Hostetler and Patterson. He is a member of Phi Delta Phi and Order of the Coif. His bride was graduated from Ann Arbor High School, the literary school of the university, and on Saturday night from the law school. She is a member of Kappa Beta Pi, international legal sorority.

SPRING CONCERT AT CONSERVATORY

Each at his sprightliest is shown in his Peasant Cantata, excerpts of which will comprise a feature of the annual spring concert program of the Warren Conservatory of Music on Saturday evening, June 13. In solos, small choruses for women, men's chorus and mixed ensemble, the list, airy music is a never-ending delight. Particularly lovely is the soprano solos, "of flowers the fairest" with women's voices as an obligato. This solo will be sung by Margaret Drivas.

Piano soloist for the evening will be Vernon Jones, of Youngsville, this year's winner in the state for music contest, while James Shortt, Jr., will play the exacting Paganini-Kreisler Prædium Allegro. In the first part of the program, a newcomer to Warren will be LeRoy Swanson, tenor, of Jamestown, N. Y., to be heard in a duet with Mary Ann Lundmark and in an aria by Puccini. Tickets for the concert may be had at the Conservatory.

Y. W. C. A. SCHEDULE

Jap Planes Raid U. S. Naval Base at Dutch Harbor, Alaska

(NEA Telephoto)

Naval patrol bombers similar to those based at Dutch Harbor, Alaska, where Japan launched first air attack upon U. S., are seen flying past St. Elias, on Alaskan Coast. Terrain is similar to Dutch Harbor's.

(NEA Telephoto)

View of tiny settlement across bay from Dutch Harbor, scene of first Japanese air raid on U. S. territory, is typical of mountainous Unalaska Island. Attacking planes may have been carrier based.

Farmers Are Urged To Buy Lumber Early

Farmers who wish to purchase lumber for grain storage or most other farm construction during the next 60 days will have to depend on stocks now in the hands of lumber dealers, according to James E. Walker, chairman of the United States Department of Agriculture State War Board. For this reason, the sooner the lumber orders are placed, the more likely they will be satisfactorily completed, he said.

An order freezing all sales and deliveries of mill stocks of softwood construction lumber for this period, except lumber to meet needs of the Army, Navy, and Maritime Commission, has been issued by the War Production Board.

Two provisions of the order may give some relief, according to Mr. Walker. First, the order does not affect mills which, during the last 90 days, produced less than 5,000 board feet for the average eight-hour day, and consequently such mills will be able to deliver softwood lumber stock to retailers, Mr. Walker said.

Second, under certain conditions, lumber producers may obtain authorization from the Division of Industry Operations, WPB, to deliver construction lumber to retailers for farm storage, he said.

"It is important that farmers should repair all buildings which can be put to use this year for farm storage," Mr. Walker said. "Farmers should consider using empty space of any kind. But, wherever possible, they should obtain their materials for building farm storage immediately."

Map locates Dutch Harbor, U. S. Alaskan naval base attacked by four Japanese bombers and 15 fighting planes, and shows comparative distances from base to nearest Japanese-occupied island and Seattle, nearest city on U. S. mainland. Raid damage was slight.

PRODUCTION CURTAILED

Burma and the Dutch East Indies are the only Far East countries producing oil in normal times. Burma normally produces 5,000,000 tons and the Dutch East Indies 10,000,000 tons annually.

CIVIL SERVICE

The United States Civil Service Commission has extended the closing dates for applications for radio inspector, technical assistant in engineering, and junior engineering positions. Applications for radio inspector must be filed with the Commission's Washington office by June 30, 1942, but will be accepted for the other positions until the needs of the service have been met. Persons otherwise qualified who are enrolled in engineering defense training courses and expect to complete the course within 4 months may apply for Junior Engineer including all branches of engineering except aeronautical and naval architecture and marine engineering.

Full information as to the requirements for these examinations, and application forms, may be obtained from W. U. McMichael, Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.

WAR CHEST SUNDAY
To assist the efforts of the committee in charge of the local campaign, the clergy of the Warren county churches through the County Ministerial Association have designated Sunday, June 7th, as Warren County War Chest Sunday.

Appropriate announcements will be made in all churches explaining the purpose of the Chest and the various services which are rendered by the USO, the Navy Relief Society, and United China Relief, Inc. The War Chest is making a combined appeal for these three national organizations, all of which have a united cause—that of prosecuting to final determination the forces seeking to obliterate the Church and the civilization built around the Church.

submarines on the surface in different localities.
Fanning out over a broad area to the north of Australia, Allied planes bombed Japanese bases on Timor and New Britain and scattered as far east as the Solomon Islands, headquarters announced.
The planes which winged their way to Timor, some 500 miles northwest of Darwin, concentrated on the airport at Koepang, capital of the Dutch half of the island, where they started fires and destroyed anti-aircraft installations, a communiqué said.
The attack on New Britain—approximately 800 miles north east of Cape York—was directed against

Rabaul where wharves and adjoining areas, including a military camp, were reported bombed. The mission was carried out without the loss of a single Allied plane.

Parole Law Causes Strike at Workhouse

(From Page One)
Board Chairman Leo Abernathy said he favored paying the men 10 cents a day, but that there was no existing fund to make the payments from. He pointed out the cost would be \$80 a day for all 800 inmates.
The new parole law gave the state board parole jurisdiction over workhouse prisoners sentenced for a minimum of two years or more. This parole power formerly rested with the sentencing judges.

PATIENT RETURNING
Mrs. D. V. Radspinner, 320 Prospect street, who has been a patient in the Strong Memorial Hospital in Rochester, N. Y., for the past six weeks, is expected home Saturday evening.

POLICE SCHOOL OPENS
The auxiliary police school for defense will begin Tuesday evening at eight o'clock at the high school, it was announced today by Police Chief George Haehn. The school will be taught by James Springer, former highway patrolman and now teacher in Warren High School, and will be under the supervision of Police Chief George Haehn and Officer Michael Evan. The course to be taught is based on the municipal police school course of instruction.

ERROR IN DAY
Through an error which was inadvertently made in stating time of registering, it was announced that today would be the final day for registration of bicycles at the local police station, an extra day having been arranged mainly for college students. However, the time for the completion of this project is tomorrow, between the hours of nine o'clock in the morning until 5 p. m.

SUNDAY HIKE
Taking advantage of the pleasant June weather, the Allegheny Hiking Club plans for a hike next Sunday afternoon. This will be in the vicinity between "Beantown" and Cherry Grove, and will be an entirely new trip under the leadership of S. E. Saylor. The walk will be not more than six miles in length, over moderate terrain, and newcomers as well as regulars are cordially invited for this 88th trip, meeting as usual at General Joseph Warren Park.

SOCIAL SECURITY
A representative of the Erie office of the Social Security Board will conduct office hours in the Employment Service Office, 225 Pennsylvania avenue, west, from 10 a. m. to 1:00 p. m. next Monday, it was announced today by Bernard A. Farabaugh, manager. Personalizing information relative to social security account numbers, claims for old-age and survivors insurance payments, or other matter pertaining to social security are invited to call on the board representative.

TRINITY FAMILY DAY
The 11 a. m. service at Trinity Memorial church Sunday will be the annual "Family Day" observance. The junior choir will lead the singing, assisted by Miss Bonny Johnson, soloist. Certificates of completion of the various courses and prizes for regular attendance will be awarded. Older boys of the church school will read formal parts of the worship service and act as ushers and acolytes. The address will be by the rector, Rev. E. P. Wroth.

Local Police Investigate Thefts Here

Police today were investigating two small burglaries which occurred sometime last night by some person or persons who received only about \$3.00 in cash and a couple of flashlights for the trouble.

One of the places entered was the Davis Bakery, 232 Pennsylvania avenue, west, where the cash was obtained. Police said entrance was gained through a transom in a side door.

The other burglary occurred at the Water street station of the Emblem Oil Company, where entrance was gained by breaking the glass in a rear window. Here only two flashlights were taken.

No clues to the identity of the persons responsible have been reported by police.

DEMOCRATIC WHIP MAY BE REP. EBERHARTER

Washington, June 5—(P)—Rep. Herman P. Eberharter, Pittsburgh attorney, was regarded today as a strong possibility to win the office of Democratic whip in the house to succeed the late Rep. Patrick J. Boland.

Rep. Michael J. Bradley of Philadelphia, secretary of the Pennsylvania Democratic delegation, said Eberharter has the unanimous endorsement of his state colleagues.
Rep. McCormick (D-Mass) who is empowered to appoint the majority whip conferred yesterday with a committee of three Pennsylvanians who brought forward Eberharter's name. The Pittsburgher is serving his sixth year in congress.

HENDERSON SCORED BY SENATOR GUFFEY

Washington, June 5—(P)—Government agencies regulating the petroleum industry should be consolidated for the sake of efficiency and economy, U. S. Senator Joseph E. Guffey believes.

He said in a senate speech yesterday that the "best brains" in the oil industry in his office but that he was "sorry I can't say the same for the Office of Price Administration" in its gasoline rationing program.

He recalled that Leon Henderson, OPA administrator, once taught political science at Carnegie Tech and said "whether he was a fuzzy-headed theorist or crackpot there, I don't know."

STATE EXCEEDS GOAL IN BOOK CAMPAIGN

Harrisburg, June 5—(P)—With donations still pouring in, Director Horace M. Byrnes disclosed Pennsylvania has already exceeded its goal of collecting 1,000,000 books for men in the armed services.

He reported 1,004,855 volumes had been collected and added: "The response from our people was immediate, overwhelming. No one refused to give a good book or more from his shelf. Many contributions of 500 or more books were received."

Pittsburgh, Byrnes said, was the first major city in the nation to exceed its quota.

ROSS SPEAKS BEFORE DEMOCRATIC WOMEN

York, June 5—(P)—Auditor General F. Clair Ross said "there will be no quibbling when I am governor as to the selection of a rationing official."
The Democratic nominee, pledging full cooperation with President Roosevelt as his "commander-in-chief," referred to Governor James E. Beatty's controversy with federal officials over reorganization of the OPA in Pennsylvania with Raymond P. Ashenfelter as director.

Ross, Dr. Luis Quintanilla, representative of the Mexican government, and Mrs. Edith Smiley Ogle of Chambersburg spoke at the annual dinner of the Pennsylvania Federation of Democratic Women's convention.

ONE KILLED, TWO HURT WHEN CAR HITS TREE

Bangor, Pa., June 5—(P)—One man was killed and two injured late last night when their automobile crashed into a tree at a speed of between 80 and 90 miles an hour, Dr. David S. Bachman, Northampton county coroner, reported.

Milton Roy Parsons, 29, of Bangor, R. D. 3, a laborer, died of a fractured skull.
The coroner said the younger Mariatt told him Parsons was driving "with the throttle wide open" when the car hurtled off the road at a curve two miles west of Bangor.

VICTORY GARDENS
The Victory Garden Committee announces that the garden plots on the brewery grounds on the south side have all been allotted, with more than twenty-five enthusiastic gardeners participating. However, there are still some excellent plots of fine soil available on the plot at the foot of Elm street. These are all prepared for planting, and anyone interested should call Homer Mead (2499).

CLOSE INQUIRY
Charles S. Ober, 49, of Corry, was struck by the overhead bridge at the Big Tree-Sugar Grove road crossing over the Erie Railroad, it was announced yesterday by Coroner Samuel Bowers, of Jamestown, who issued a certificate of accidental death in connection with the fatal involving the Erie Railroad fireman, who was instantly killed aboard a special fruit train shortly after noon Wednesday.

BANQUET AT RUSSELL

Approximately 85 members and guests of the Russell High School Alumni Association are expected to attend the annual banquet to be served at 6:30 Sunday evening in the Methodist church at that place. The executive committee, meeting last night at the home of Bessie Lindell Hannah, completed final plans for a program of informal speeches and music. Officers will be elected for the coming year in a brief business meeting to follow the serving.

OLD GUARDS MEET

At the weekly meeting of the Old Guards, held this morning at the Y. M. C. A., Ernest Miller gave a very interesting talk on the history of the oil business in this section. The speaker next will be Clifford Johnson, of the Masterson Transfer Company, and on June 19 the speaker will be the Rev. H. L. Knappenberg. The final meeting of the year will be held June 26 at the Blackman cottage.

TO CONVENTION

Miss Callie Mead, president of the Warren Business and Professional Women's Club and delegate to the state convention held this weekend at Indiana State Teachers' College, left for that place at noon today. She was accompanied by Miss Ruth Karr, alternate; Miss Mabel Nelson, Miss Louise Neilly, Miss Hazel Keller and Mrs. Corinne Dean, of the Warren Club; Miss Edna Thompson, member of Beatty school faculty and president of the Youngville Club. They will return on Sunday.

BANQUET CHANGED

The Glade Township Alumni Association has changed the date for its annual banquet from June 9 to June 10, with serving at 7 p. m. in the Irvinedale school. All present and former teachers and school board members and all graduates of Glade township schools are cordially invited, each privileged to bring a guest and all to bring turkeys, rolls and table service. The committee will provide meat, dessert and coffee. Each member is to bring his dues of 25 cents and all reservations are to be made by a dinner evening by calling 1253-J. Dinner will be followed by a program and dancing.

Large Convoy Reaches India

of both fighting and technical personnel.
The convoy put into Indian ports early in May and was so big it could not be handled at any one port. It came through without loss.

Japanese troops have reached Homalin, 45 miles east of the Indian-Burma border, and are continuing to rush troops up the Chindwin river in Burma, a British spokesman said.
The spokesman declared the Japanese evidently planned at least to strengthen their forces holding that section of territory captured in Burma.

The Story of the Photoplay as Serialized by HARRY LEE

SYNOPSIS: Axe Timberlake, a gentle soul who has been cheated out of his fortune by his wife's unscrupulous brother, William Fitzroy, lives with his hypochondriac wife, Lavinia, and their daughters, Roy and Stanley. Roy is married to a young doctor, Peter Kingsmill. The night before Stanley's marriage to a lawyer, Craig Fleming, she elopes with her sister Roy's husband, Craig goes to pieces, but Roy, deciding to make the best of a bad business, gets a job, and braces Craig up to a new effort. Roy and Craig become lovers. Stanley makes the life of Peter such a torment that he kills himself. Roy brings Stanley home and she is jealous of the love of Craig and tries in every way to steal him from her sister.

CHAPTER VI

STANLEY drove up early and parked before the rather disreputable South Side Tavern. She swaggered in, gulped a drink, dropped a nickel into the juke box and rumbled to the music much to the disgust of several men at the bar who were trying to listen to the fights on the radio. They eyed her as she ordered another drink and threw a quarter to the bartender. "Haven't you got a clock in this place?" she asked curiously. He pointed to it. It was after the appointed time for her rendezvous with Craig, seven-thirty. She'd already been waiting half an hour. She flaunted out slamming the door after her.

She drove as one possessed, her lips a thin, cruel line, her eyes glittering with wild fury. Trees, telephone poles and houses flashed by as the car gathered a terrific speed. Suddenly some lights loomed at a street intersection. Stanley slammed on her brakes, but there was a sharp impact as the front wheels struck something. A shriek rang out above the whining of the brakes. She rose in her seat and stared back at the intersection. Then with one hand on the wheel, she pressed the accelerator and the car plunged down the dark street. A little girl had been killed and her mother seriously injured.

"After life's fitful fever, she sleeps well!"

When the Inspector came to the Timberlake home the next morning to report the accident he was met by Roy, but Stanley listening at the upper landing, lattered down in hysterical tears. "How too awful!" she moaned. "I can't believe it! How could it be? I was home at seven-thirty... I went to bed... early—with a headache!" "If someone else was using your car, Mrs. Kingsmill, you'd better tell us!" "It's awful, dear," Roy said comfortingly, "but it isn't your fault!" "It is!" she cried, bursting into tears again. "I mean, in a way it is. Because I'd been out on a drive, and instead of taking the car back to the garage as I usually do, I left it out front. You see, he was going to wash it!" "Stanley, it wasn't..." Roy exclaimed, her sister's duplicity dawning on her. "Oh, it couldn't have been!" "I can't understand it either. He's always so careful. It's not at all like him unless... unless he'd been drinking!" "If you don't give us his name, Mrs. Kingsmill, I'll be forced to take you to the station!" "I can't... I just can't..." Stanley sobbed. "His name is Parry Clay," Roy said. "He's a colored boy who works in a law office and does odd jobs. We've known him a long time." Roy went to see Parry's mother. Minerva reported that her son had been home after six o'clock studying some law books, that he hadn't taken the car out, and that 'de police joes' come and took him. Roy was convinced of her honesty. Stanley was in her room dancing to a rumba tune, a glass of whiskey in her hand. When

I entered in the holy place
To kneel before the Throne of

And as I said an Ave there,
I added still another prayer:
For those who at the risk of life
Are guarding us from mortal
strife...
That Peace may come before
too late
To save us from a world of hate.
Then clear before my wondering
eyes
Three shining letters seemed to

Three golden letters...
A... V... E...
And then, behold, I seemed to
see
A mystic hand go out and reach
In flaming writing after each:

"40 THOUSAND HORSEMEN" AT THE LIBRARY THEATRE FRIDAY AND SATURDAY

Reenacting the famous charge of the Light Horse brigades at Beersheba, the historic victory in the Sinai Desert, and other glorious feats in the first World War, the fearless Anzac Rough Riders are seen in action on the screen in Charles Chauvel's new Australian production, "Forty Thousand Horsemen," the current attraction at the Library Theatre Friday and Saturday.

This is the first super-film to be turned out by Australian studios, and three of its featured players, Grant Taylor, Betty Bryant and "Chips" Rafferty, are hailed as discoveries with the kind of talent and personality that will make the screen favorites.

Just as they covered themselves with glory in the previous World War, the courageous Anzacs again are receiving the bulk of the credit for blocking the Axis steam-roller in the regions around the vital life-line of Suez. The brand of warfare, both organized and irregular, for which these mounted fighters are noted has proved as baffling to the enemy this time as it did in the earlier conflict.

"IN THIS OUR LIFE" AT THE LIBRARY THEATRE SUNDAY, MONDAY, TUESDAY

One of the year's most poignant dramas will make its local debut at the Library Theatre this Sunday, Monday, Tuesday when Warner Bros. "In This Our Life" opens. The film features a brilliant cast with Bette Davis, Olivia de Havilland, Dennis Morgan and George Brent in the leading roles, while Charles Coburn, Frank Craven and Billie Burke make up the talented supporting cast.

The film is set in the South where a once proud family, the Timberlakes, have lost much of their prestige, due to the financial manipulations of one member

of the family. Bette plays the role of Stanley, a capricious, inconsiderate girl who believes her own happiness is the only thing that counts. Regardless of whom it may hurt, she is determined to do just as she pleases. But she never gains that happiness. Her own striving for the unattainable brings unhappiness to her and to everyone with whom she comes in contact.

"AIR" TAX

England, at one time, indirectly taxed the air and sunlight entering the houses of its people. The tax was levied on windows, and many persons bricked them up to avoid paying.

TAX SALE

An unseated land tax sale will be held at the court house Monday morning at ten o'clock by County Treasurer Allen M. Gibson. This sale is for 1940 and 1941 taxes.

GO TO NEW HOME

Mr. and Mrs. Scott Sharnan and family, of North Warren, left this morning to make their home in Shafterstown, Lebanon county, where Mr. Sharnan has been transferred by the Sinclair Refining Company.

NO VISITORS

According to reports from the hospital today, the condition of Robert Probst, of Clarendon Heights, who was injured in an automobile accident here Monday night, remains fair today. However, he is not permitted visitors for a few days.

DEFENSE COUNCIL

A meeting of the Warren County Defense Council will be held this afternoon at four o'clock in the council headquarters. At the meeting the members will discuss adequate air raid warning devices and the purchase of official arm-bands.

TEACHERS PICNIC

The Warren Borough Teachers' Association enjoyed an added event on its social calendar Wednesday evening with a picnic at Warr-Penn Park. A delicious picnic supper was served by a capable committee consisting of Millicent Kopp, Glenda Gilmore and F. H. Hetrick.

FLOOD ANNIVERSARY

Today marks the 50th anniversary of the famous fire and flood of 1892 which cost many lives in Oil City, Titusville and vicinity. The Titusville Herald today printed a special supplement in connection with the anniversary, recalling many of the incidents which were reported at that time.

TO OIL CITY

The Warren county voiture of the 40 and 8 will be represented by several persons at the dinner-dance of Venango Voiture, to be held Monday evening at Oil City. Among those planning to attend the affair are Mr. and Mrs. Barney Christian and Mr. and Mrs. L. R. Russ, of Sheffield.

LUTHERAN PICNIC

All members of the First Lutheran congregation and their friends are invited to gather at Island Park in Youngsville next Thursday, June 11, for the annual picnic. Anyone wishing to arrange for transportation is asked to call the church office, 1109-R, or 1838-M.

RELIEF PAYMENTS

State Treasurer G. Harold Wagner reports that direct relief payments made to needy residents of Warren county during the week ended yesterday show an increase of \$4.00 over those of the previous week. Payments for the week totaled \$93, which was \$1,356 lower than those of the comparable week last of year.

UNIT MEETINGS

A new 4-H Club organized last week at the Hunter school at Goodwill Hill will meet next Monday to elect its officers and start its sewing. Two group meetings are scheduled for Tuesday, the first at 9:30 a. m. at the Garland schoolhouse and the second is at 1 p. m., when Columbus members will assemble.

COMMUNION SUNDAY

The sacrament of Holy Communion will be administered Sunday morning at 7:45 and 11 o'clock at the First Lutheran church. It was announced today by the Rev. Edward K. Rogers, pastor. This will be the last communion service for Pastor Rogers, who leaves soon to become a chaplain in the U. S. Army.

AT YOUNGVILLE

Two important events are scheduled this weekend by Rev. Charles McIntyre, pastor of the United Brethren church at Youngsville. The first is the annual Children's Day service at 11 a. m. on Sunday, with a program of music, recitations, exercises and Scripture. The second is a service at 8 p. m. Monday, conducted by the Students' League of Many Nations of Binghamton, N. Y., appearing here at Grace church Sunday evening. All interested are invited for both services.

Sons of Italy Beaten, 10-4, By K. C. Crew

Vito Greto, youngest pitcher in the City Softball League, was on his way to a victory with a beautiful performance behind him last evening when he fell victim to his own wildness in the sixth inning of the Sons of Italy fracas with K. C. won by the Casey's, 10-4.

The five innings last night Greto pitched no-hit, no-run ball, and then in the sixth, folded like a tepee in leaving water after walk as the winners collected four runs at this stage to assume a 4-3 lead.

The Sons of Italy tied things up in the seventh with a lone home run, but again in the eighth Greto's wildness brought home six runs for the Casey's and his hopes for victory capsize.

The K. C. of C. batters claimed only five hits to seven, but won 10 to 4.

Line score:
Sons of Italy 111 010 100-4 7 4
K. C. of C. 000 004 050-10 5 4
Winning pitcher—Bob Scallise; Losing pitcher—Greto.

Six Golfers Enter Warren County Open

Six local golfers have already entered their names officially through one local source for the seventh annual Warren county open golf tournament to be staged at the Maplehurst Golf Club, Sunday, June 21, it was announced today.

According to Bob Johnson, who is also receiving entries for the affair, Gene Frating, Grant Herdendorf, Boy Daye, Wayne Campbell, Franklin Riggs and Paul Leonhart have already officially submitted entry fees, while Art Johnson and Ort Boyd are among those expected to enter before the end of the week.

All county golfers are welcome to enter the tournament and may do so at the club or by calling Bob Johnson up to Friday, June 19. Johnson's phone number is 5099.

One of the nation's finest and strongest service teams to take to the baseball diamond since selectees and enlisted men have been postponed at army camps throughout the country, will pay a visit to Wilder Field, Irvine, Sunday afternoon where they'll battle "Emmy" Morrison's National Forge baseballers.

The crew of soldiers about whom this piece is written is the Fort Niagara, N. Y. Soldiers, who boast one of the most outstanding records in the United States so far as service baseball teams go, only overshadowed by the Great Lakes Naval Training Station crew which is under the guidance of Mickey Cochrane, former Detroit Tiger star.

It was announced today by Business Manager Jimmy Kanne that the NFO Baseball club that the Forge band will give a concert Sunday, preceding the game with Fort Niagara soldiers, from 3:15 o'clock until game time which is 4:00 p. m.

Sunday's contest at Irvine will begin at four o'clock, a fact which fans are asked to remember especially as it has been customary in other years to start the Forge ball games on Sundays at three o'clock. Under Eastern War Time hours, games may be played until one minute before seven o'clock, and therefore the two outfits will have plenty of time for their encounter this weekend.

Headlining the flock of former minor league and organized baseball stars who have been blended together with sandlot standouts to form this formidable group from Fort Niagara, is Steve Peck, New York Yankee hurler of last season.

It is expected that Peck will see considerable action in Sunday's contest, but whether or not he'll start the engagement against the Forgers is unknown. Peck has compiled an enviable record in the eyes of other noted pitchers who also are keeping in trim while serving the country in the armed forces.

The management of the NFO Baseball Club announced today that there is plenty of parking space at Wilder Field to accommodate the crowd, as well as plenty of stands for seating a number of fans, and anticipates a large turnout to see this outstanding collection of baseball talent, the Fort Niagara Soldiers.

Philadelphia, June 5.—(P)—Luke Sewell jumped from the frying pan into the fire a year ago and the St. Louis Browns flew upward with sparks.

They sailed from a doleful resting place in the American League basement to a tie for sixth place with the Washington Senators.

They played 500 ball from June 4, 1941, the day Sewell signed as manager, until the season's end, and that after winning only 4 of 44 games prior to Sewell's scramble into a job which guillotined five other managers in 10 years.

On the first day of Sewell's second year as manager, the Browns are growing on the heels of the Boston Red Sox, who are in fourth place by half a game. They've won 23 and lost 20.

Sewell forecast a first division berth for the Browns early in spring training. Improved pitching and outstanding performances of some newcomers make a forecast anything but an impossibility.

Art Johnson, one-time stellar baseball player and today ranking with the area's better golfers, won the first Calcutta tournament at the Conewago Valley Country Club yesterday with a net score of 36.

Johnson had a gross score of 41 for nine holes and was allowed a handicap of six which gave him a net of 35. In second place was Tim Creal, who shot a gross 38, had a handicap of 2, and a net score of 36.

Ray Elliott and Dr. Jacobs moved into the semi-finals of the four-ball best-ball tournament, completing the quarter-final round with a victory over Dean Anderson and Bill Locke.

Semi-final round matches expected to be played tomorrow are Elliott-Jacobs vs. Kridler-Hubbard, and Bittenbender-Rice vs. Chuck Blackburn-Cravy.

Both of these matches will be over the 18-hole route.

REC. CENTER WILL PLAY HERE SUNDAY

The Recreation Center softball team will meet the Liberty A. C. softballers from Jaxetown N. S. Sunday afternoon at two o'clock on the west side diamond, it was announced today by Manager She.

Both of these matches will be over the 18-hole route.

Postponed Sunset League Opener on Monday Night Slate

Safe, Says Slugging Umps

Hank Greenberg, who heard umpires call many a decision on him when he played first base for the Detroit Tigers, calls a runner safe as he umpires a service game at Miami Beach, Fla., where he is enrolled in the Air Corps Officers Training School.

SPORTS SPATTERINGS

Baseball fans in major league parks are going along with the war effort by tossing foul balls that land in the stands, and in this way building up the service men's ball and bat fund by contributing the balls.

In the Sunset League, which opens Monday night, the executive committee is asking all spectators to make a similar gesture, but for a slightly different cause, though it all adds up to the same thing.

The President in his message to Baseball Commissioner Kenesaw M. Landis this spring bade the national pastime go on, referring to it as a morale-building program.

Therefore, every baseball game played is doing its part in the current war effort. Every pitch is a pitch for victory.

The Sunset League solons have sacrificed many hours to prepare a summer program out of doors whereby defense workers and general sport fans may gain worthwhile recreation and complete relaxation.

But to make the league successful and to promise it's life for the entire season, fans will be asked to throw back all foul balls hit into foul territory, whether into the stands or elsewhere.

In this way the league can conserve on the number of baseballs needed per game, save on baseballs through the season, so that the game may last longer and a better grade of balls will endure over a longer period of time.

It is hoped that this appeal to the general sports public will be met by the complete co-operation of every man, woman and child who will take advantage of the opportunity this summer to enjoy the Sunset Baseball League.

And continuing with some facts and figures to step up the tempo in Sunset League pre-game interest. Here is the complete list of past champions since the modern era of the circuit started back in 1933.

Swanson Tire Shop—1933; National Transit—1934; National Transit—1935; Hy-Vis Oils—1936; Times Square—1937; Eagles—1938; Clarendon—1939.

In all those years one protest was carried by the executive committee, and as far as we can find in the records, only one official protest was ever carried to the committee.

It was in the championship series when Joe Massa, then playing with the B. and B. Smoke Shop hit an umpire with a batted ball, which was fielded and thrown to first where he was ruled out.

According to official rules he was allowed one base without being out. The protest was granted and the game replayed after Clarendon had won 12-8.

But Clarendon proved final superiority in the next two contests which they won 10-7 and 7-4. The last batting champion, that of 1939, was Joe Massa with 536 in 18 games.

That's the mark for players this year to shoot at, though it's not the highest ever made for a season.

Two runs across in ninth-inning rally that beat Red Sox.

Ned Harris and Birdie Tebbetts, Tigers—Produced four runs with homer and single in ninth inning to beat Athletics.

Joe Gordon, Yankees—Extended his batting streak to 20 games and set off eight-run rally against White Sox with run-scoring double.

Les Fleming, Indians—Doubled.

Les Fleming, Indians—Doubled.

Les Fleming, Indians—Doubled.

STONEHAM IN LID-LIFTER WITH EAGLES

Now, if the weatherman will discontinue his bad habit of having to offer so many excuses just because the good public appreciate greatly his offerings at times, the Sunset League will get down to the business they were forced to postpone for an entire week when Stoneham and the Eagles blast the lid from atop the campaign next Monday night.

Burgess Raymond Steber, whose arm has gone from good to bad and back again while marking time for the opener, will toss the first ball in the direction of the plate along about 6:15 o'clock Monday evening if all conditions are good.

Following this the two Sunset League outfits will get down to business directly without further adieu.

More extensive ceremonies were considered, but the executive committee finally decided that it would be best to eliminate non-essential activities and give the

fans more time Monday for baseball.

Having had considerable work upon the infield during the sunny moments, which were few, through last week, Russell Field is in fair shape for baseball and Stoneham and the Eagles are fully aware of their obligations in providing the first Sunset League contest on this diamond in three years.

Both teams have drilled at every opportunity during the past two weeks to prepare for the initial tilt, and they seem to be evenly matched as far as pre-game info can be trusted.

Only the northern gate to the ball park will be open Monday evening, with tickets going on sale at 5:45 o'clock and both teams expected on the field by then. Admission for adults is 15 cents, tax included, and children will be admitted free.

Chapter 20

Barbecue

"GOSH!" said Joe, when the kiss was over.

"What's the matter, Joe, honey?" said Daisy.

"I liked it," said Joe. "So did I," said Daisy. "And now I'll be able to put more feeling into my stage kissing."

"Oh, so that's it," said Joe, a little annoyed. "Using me as a sort of—of—stage?"

"No, Joe—of course not," Daisy cried. "What an awful thing to say!"

Joe started the car. He said nothing else. Just looked right straight ahead and gave all his attention to driving.

They came to the end of the lane. And there before them was the rambling old Vaughan farmhouse, set in a frame of trees and shrubbery, with the shimmering water of the pond back of it, forming a silver background.

Joe thought that he had never before seen such a tranquil picture. It reminded him of the calendar the Linville Coal and Ice Company had given his mother on that long-ago winter when she had been taken home.

And thoughts of the calendar and the unforgettable winter made him think of what his mother had said about him and Kathleen.

"She's a mighty sweet girl, Joe, boy," were his mother's words. "And it would make me very happy to know you and she would be married some day."

"Oh, I'm going to marry her, all right!" he had said with great confidence. "She's the only girl for me."

How long ago that seemed! And how matters seemed to be getting all out of hand! Kathleen chasing around with an actor, and he himself, riding along with an actress—even kissing her!

He heard Daisy sniffing the air. "My goodness, what's that wonderful smell," she exclaimed.

Joe also sniffed. "It's the barbecue," he said.

Kathleen ran out to greet them, looking flushed but happy.

CARDS DOWN BRAVES AND YANKS SCORE

The St. Louis Cardinals strengthened their hold on second place in the National League yesterday by beating the Boston Braves 6-2.

The veteran Lou Warneke was touched for ten hits, but kept constant control and the Redbirds wrapped up the decision with a five-run rally in the second inning.

In the American League the New York Yankees sent Edgar Smith, the unlucky southpaw, staggering to his ninth straight defeat with an 8-2 verdict over the Chicago White Sox.

The World Champions waded into Smith for all of their runs in a turbulent second inning and then coasted on the eight-hit hurrying of Rookie Hank Borowy, who has won three games without a defeat.

During the afternoon Joe Gordon and Buddy Hassett extended their hitting streaks to 20 and

Chapter 20

Barbecue

"GOSH!" said Joe, when the kiss was over.

"What's the matter, Joe, honey?" said Daisy.

"I liked it," said Joe. "So did I," said Daisy. "And now I'll be able to put more feeling into my stage kissing."

"Oh, so that's it," said Joe, a little annoyed. "Using me as a sort of—of—stage?"

"No, Joe—of course not," Daisy cried. "What an awful thing to say!"

Joe started the car. He said nothing else. Just looked right straight ahead and gave all his attention to driving.

They came to the end of the lane. And there before them was the rambling old Vaughan farmhouse, set in a frame of trees and shrubbery, with the shimmering water of the pond back of it, forming a silver background.

Joe thought that he had never before seen such a tranquil picture. It reminded him of the calendar the Linville Coal and Ice Company had given his mother on that long-ago winter when she had been taken home.

And thoughts of the calendar and the unforgettable winter made him think of what his mother had said about him and Kathleen.

"She's a mighty sweet girl, Joe, boy," were his mother's words. "And it would make me very happy to know you and she would be married some day."

"Oh, I'm going to marry her, all right!" he had said with great confidence. "She's the only girl for me."

How long ago that seemed! And how matters seemed to be getting all out of hand! Kathleen chasing around with an actor, and he himself, riding along with an actress—even kissing her!

He heard Daisy sniffing the air. "My goodness, what's that wonderful smell," she exclaimed.

Joe also sniffed. "It's the barbecue," he said.

"But it smells sort of vinegary," he said.

"I know it. There's vinegar in the barbecue sauce—the stuff they baste the pork with."

"Well, if it tastes half as good as it smells," said Daisy. "I'm certainly going to enjoy myself."

15 games, respectively, and the Yankees made three double plays to bring their total to 63 in 44 games.

Cleveland rallied for three runs in the ninth inning to beat the Boston Red Sox 4-2 for Jim Bagby's first victory since May 17.

It was his seventh of the season, however, and the Indians' second straight at Boston. Held to three hits for eight innings by Oscar Judd, one of them Buster Mills' homer in the seventh, the Tribe tallied twice in the ninth on a double by Les Fleming and again on a single by Ray Mack.

Neglected War Orphans Turn And Retrieve Part of Losses

New York, June 5.—(P)—Peace talk became only a faint murmur in today's stock market and some of the recently neglected war orphans turned around and retrieved portions of their losses of the past several weeks.

The list edged forward at the start but soon encountered profit taking on the two-day rallying swing and mixed trends prevailed. Steels, aircrafts and chemicals then attracted bids near mid-day. While declines were plentiful around the fourth hour, advances running to a point were well distributed and a few run-ups of 3 or so were in evidence. Dealings about equalled those of Thursday. Bringing in a little more short covering and new buying, brokers suggested was the repulse of the Japanese at Midway, further air raids on the Germans and the arrival in India of a big United Nations convoy.

Bonds edged upward and commodities were uneven.

Among better early share performers were Bethlehem, Youngstown Sheet & Tube, Aircraft, Sperry, United Aircraft, American Telephone, Dow Chemical, Allied Chemical, Goodrich, Consolidated Edison and Great Northern.

Off at intervals were Chrysler, General Motors, General Electric, Sears Roebuck, Standard Oil (N.J.) and U. S. Gypsum.

In the curb forward inclinations were exhibited by Sherwin Williams, Pittsburgh Plate Glass, American Gas and American Cyanamid. Occasional laggards were Lake Shore, Electric Bond and Share, Northern States Power "A" and Pantepec.

American Forces Slashing Anew At Powerful Invaders
(From Page One)
"There were no casualties in his majesty's ships".
British sea-borne forces captured the French colonial base, off the southeast coast of Africa, on May 7.

British military quarters reported that Japanese troops advancing in a threatening move toward India had reached Homalin in Burma, only 45 miles from the Indian frontier.

Marshal Erwin Rommel was reported moving strong Axis reinforcements into the bloody 11-day battle of North Africa as the British announced they had smashed an Axis tank assault on Bir El Hachem for the second time in two days.

Bir El Hachem, a desert water hole, is the southern anchor of a 50-mile British defense line stretched across the hot sands to the Mediterranean Sea.

British headquarters said British and Indian troops struck from the rear to relieve the Free French and Indian garrison at Bir El Hachem after the defenders had twice rejected German demands that they surrender the key stronghold.

Front-line dispatches said Rommel was speeding fresh troops and tanks into the battle sector around Tobruk in an attempt to relieve pressure on a 9-mile corridor which Axis forces had driven into the British main defense line.

British mechanized forces were reported slashing at Axis tanks holding the breach, while German dive bombers pounded furiously at British positions blocking Rommel's advance toward Egypt.

A Rome communique said German and Italian planes shot down 26 RAF aircraft in bitter dogfights over the Libyan desert battlefield yesterday and declared counter-attacking Axis troops had driven back strong British forces.

BALLISTIC REPORT MAY UNRAVEL MYSTERY

Wellsburg, W. Va., June 5.—(P)—An inquest into the deaths of a young Washington county, Pa., couple found fatally shot on a Brooke county farm Memorial Day was postponed yesterday pending receipt of a ballistics report on the fatal bullets.

The tragedy ended the marriage plans of Dolores M. Messock, 18, of Midland, and Samuel L. Gaido, Jr., 19, of Meadowlands. Each was holding a .22 caliber rifle. Deputy Coroner Frank Basil said the ballistics study was being made to determine which gun or guns fired the shots.

The official said present indications were that the girl was shot accidentally during target practice and the youth then killed himself in remorse.

ONE DEAD IN CRASH AT PENNSY CROSSING

Roaring Spring, June 5.—(P)—Charles Ream, 17, of Beaverdale, Cambria county, died today in a hospital of injuries suffered in the collision of a truck and a Pennsylvania Railroad locomotive yesterday at a crossing in East Freedom (Blair county).

Leroy Westover, 15, also of Beaverdale, another occupant of the truck, was in serious condition in the hospital.

From 1925 to 1940, approximately three-fifths of all new and used automobile sales, one-half of all sales of household appliances and two-fifths of furniture sales were made on an installment basis.

TIMES TOPICS

START DECORATING
Work was started today on the placing of decorations in preparation for the Moose convention here next week. On the West Side, street decorations were being placed and on Second avenue some business buildings were being decorated.

More Violent Enemy Moves Anticipated

(From Page One)
The Soviet armies in Siberia.

2. Clear the way for a new and powerful attack on Pearl Harbor, or even the western U. S. coast and Panama, by trying to knock out aerial reconnaissance and interception forces which may be based on Midway and Alaska.

3. A new attempt to cut U. S. supply lines into the southwest Pacific by forceful attacks on the guardian islands south of Hawaii, after the Japanese would hope, having diverted American forces into the north Pacific.

4. A knockout try against the bases from which Japan may be or may have been attacked, including past and future air raids on the Japanese homeland and submarine operations against Japanese shipping.

SOMERVILL PLEADED WITH INSPECTIONS

With the AEF in Northern Ireland, June 5.—(P)—Lieut. Gen. Breton Somervell, U. S. army supply chief, declared today that "we can fully equip any troops we can send abroad."

He said there had been no delay in moving equipment to the British isles.

"It looks like the job is being handled very creditably," he said after visiting United States establishments in northern Ireland with ranking American officers.

YOUTHFUL SLAYER IS FOUND MENTALLY ILL

Philadelphia, June 5.—(P)—Fifteen-year-old John Leeds, acquitted of the slaying of an 83-year-old woman last fall but still under indictment for the fatal beating of her sister, was committed today to the Fairview State Hospital.

The order signed by all three judges of the Delaware county court said the Germantown boy had been found to be "mentally ill" and a person of "criminal tendencies."

TWO YOUTHS KILLED IN LEBANON CRASH

Lebanon, June 5.—(P)—Two Lebanon youths were killed and one was injured seriously last night when their automobile ran off the road in dense fog and crashed into a tree.

The dead were Blair J. Hentz, 20, the driver of the car, and Thomas E. Herman, 14, a junior school student. George Wike, 16, received a fractured skull and internal injuries and was taken to a Lebanon hospital in serious condition.

JAP SLAUGHTER IS CLAIMED BY CHINESE

Chungking, June 5.—(P)—The Chinese high command announced tonight that about 8,000 Japanese were killed or wounded yesterday in fighting around Chuihsien, rail center in western Chekiang province.

That increased the number of Japanese casualties reported in two days of fighting for the important walled town to 10,000.

Observers here said the Chinese announcement might indicate a decisive turn in the fierce battle for the western Chekiang air base area from which Japan might be bombed.

Certificates Presented To 22 In Class

Unique exercises were held last night at Tionesta High School to present defense training certificates to young men who have satisfactorily completed 150 hours of industrial training, mainly in machines and shop welding.

Twenty-two complete certificates and 12 partial certificates were awarded, after which A. C. Gilbert, of Oil City, presented an industrial film program.

C. F. H. Wuesthoff, county vocational supervisor, offered brief remarks concerning the state and area defense training programs. Carl Flowers, of the industrial schools, was chairman at last night's program.

Instructors for the classes were W. G. Hinderer and Charles Harvey, both of Tionesta.

Commercial aviation's latest contribution to this country's all-out war effort is a giant four-motored troop transport, capable of carrying at least 42 fully armed and equipped men across the ocean.

Airplanes require from 33 to 96 pounds of rubber for tires, with an additional 24 to 55 pounds for inner tubes.

Fires in the United States take about 10,000 human lives annually.

Last year's production rate of airplanes by America alone was more than five times the total war losses announced by England.
